The Cambinata Yabbies Extravaganza is not just an event, but an experience to savour and delight. A magnificent multiple course dinner, hosted within the “shearing shed” at the Cambinata farm in the Wheatbelt town of Kukerin, features fabulous regional foods—including yabbies, salt-water trout, farmed abalone, lamb, beef, olives and much more. The meal is accompanied by fine regional wines, beer, soft drinks and rain water. Ambient surrounds, live music and entertainment, cultural observations and local art displays complete the atmosphere.

The evening begins with a mini Expo where visitors meet regional producers and artists, and may sample their fares and make purchases. From here, guests move into Cambinata’s unique shearing shed, which is decorated in the style of the Australian outback with Australian farm icons, handcrafted candelabras, candle-lit chandeliers, art, wildflowers and a baby grand piano.

For those who enjoy the outdoors, the Nenke family invites you to camp the night and enjoy farm fresh eggs and bacon for breakfast. You may tour the yabby facility, go for a farm walk, enjoy the native wildflowers and visit other local attractions, including Dumbleyung Lake. Guests travel from all over the world to attend Cambinata’s Extravaganza. Don’t miss out on this amazing experience—book your tickets today!
