their generosity and receive  
a Cambinata Gift Pack.

THE ANNUAL Cambinata Yabbies Extravaganza is not just an event, but an experience to savour and delight. Each year, in springtime, the Nenke Family throws open the doors to the Cambinata farm, welcoming guests from city and country to the Wheatbelt town of Kukerin.

The Extravaganza showcases a variety of regional Western Australian produce. The evening begins with a mini Expo where visitors meet regional producers and artists, and may sample their fares and make purchases. Guests then move into Cambinata's unique former shearing shed for a magnificent multiple course dinner. The dinner features regional foods such as salt-water trout, farmed abalone, lamb, beef, olives, and of course, Cambinata's own yabbies. The meal is accompanied by fine regional wines, beers, and rain water.

The 'shearing shed' at the Cambinata farm is decorated in the style of the Australian

outback, with farm icons, handcrafted candelabras, candle-lit chandeliers, art, wildflowers and a grand piano. During dinner, guests meet a variety of inspirational producers and discover the stories behind their businesses. Ambient surrounds, live music and entertainment, cultural observations, and local art displays complete the atmosphere.

For those who enjoy the outdoors, the Nenke family invites you to camp the night and enjoy farm fresh eggs and bacon for breakfast. You may tour the yabby facility, go for a farm walk, enjoy the native wildflowers and visit other local attractions, including Dumbleyung Lake.

Guests travel from all over the world to attend the Extravaganza. This is an amazing experience not to be missed. For more information or for bookings, you can phone or e-mail us, or visit our website. Our contact details are listed below. We look forward to your company in Kukerin this year!
